COMFORTSTAR
Model CHT24CD-23(O)

14.3 Least Efficient 42.0 Most Efficient

 This system's efficiency ratings depend on the coil your contractor installs with this unit. The heating efficiency rating varies slightly in different geographic regions. Ask your contractor for details.

A horizontal scale bar representing efficiency. The left end is marked with a vertical line and the number 7.5, with the text "Least Efficient" below it. The right end is marked with a vertical line and the number 14.6, with the text "Most Efficient" below it. Above the scale, there are two groups of three circles. The first group, positioned above the 7.5 mark, contains two white circles and one black circle. The second group, positioned above the 14.6 mark, contains one white circle and two black circles. A large black downward-pointing triangle is located above the scale, pointing towards the 7.5 mark.
